Supporters

# We have been working hard!

Pueblo is an “A” rated school based on AZMerit spring 2017

A School of choice with a Student body of 583 students ages 2 through 5th grade

Spanish immersion utilizing a 50:50 model: Grades K-3 Math and Science taught in Spanish, 4-5 Science and Social Studies taught in Spanish- All target language teachers embed literacy and culture in the target language

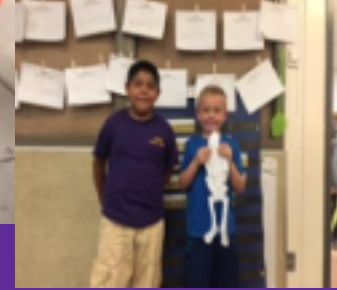

# School Wide Improvement Goals

Pueblo faculty and staff have identified areas for growth in the following areas:

- **Academic Goals: ELA, Math, Target Language**
- **Rigorous Instruction**
- **Culture and Climate**
- **Communication**

Tonight, I will highlight a few of these...

**Viva Pueblo!**

# Culture and Climate

Pueblo teachers, staff, and administration will increase a positive culture and climate amongst one another, students, parents, and community as a whole by:

**PBIS will be revamped and refreshed to include an updated behavioral expectation matrix, an embedded time for students to learn the expectations, new reward/ticket system, and new student store!**

**Development of Several 'Steering Committees':  
Communication, Leadership,  
Dual-Language, PBIS, and Safety**

---

# Rigorous Instruction:

## PLC's and Data

We are driven by the “Big Four” questions:

What do we want them (students) to know? (goals/expectations)

How will we know they are learning? (assessment)

How will we respond if they have not learned it? (intervention)

What will we do if they already know it? (enrichment/rigor)

Additionally- Leadership Committee is adopting a “theme” of growth mindset for all at Pueblo

## Spanish Language Proficiency Targets

**Our dual-language committee  
has worked hard to examine and  
identify our targets based ACTFL  
Standards and our own 2017**

**STAMP test data-**

**We have set proficiency targets  
which are vertically aligned pre-  
K through 5th grade**

**Full implementation of viable  
curriculum- “Santillana”**
