GBK STAFF GRIEVANCES

Effective communication between District employees, the administrative staff, and the Board is essential for proper operation of the schools. The Governing Board, therefore, authorizes the Superintendent to establish a grievance procedure for employees as the prescribed means of resolving grievances at the earliest date and the lowest possible administrative level.

Such procedure shall provide that the Board may review any grievance that cannot be resolved at the administrative level. The Superintendent also may request that the Governing Board review a grievance. In such cases, the decision of the Governing Board is final.
