IV. Informational Items

A. Principal's Report

1. AzMERIT/AIMS Science Update:

Testing percentage approximately 98% (ELA makeups) results at end of the school year.

Math begins today: Timing was more than enough. Only small groups needed extended time.

Testing environments have been wonderful...attributed to small group testing in familiar classroom environments (Not in Mt. O) with all of the chromebook donations and purchases.

11 Chromebooks will be coming to Science next year. The following year a different core content. 5 year roll out: It will be a give and take as new tech comes in take away not effective/non serviceable technology.

2. AP Testing = Monday May 6 – Friday, May 17: Keri taking over bookstore payments and its going smoothly

3. Master Schedule SY 2019-20

Purposeful use of allocated sections to lower class size for advanced classes, provide intervention for struggling students, revamp credit recovery, and protect unique offerings (arts, CTE, languages) down to about 3 floating sections to finalize. Ahead of schedule.

4. Staffing Updates:

New = Zhennessa Quinn (Attendance) is a fabulous addition!

Vacant = Bookstore Keri is the bomb! (from Site Council)

Site Council Meeting MINUTES

Arcadia High School – Thursday, April 11th, 2019

Teachers SY 2019-20 = 1 Social Studies, 1 Math, 2 SPED not a ton of vacancy's. Getting SCORE Program Life Skills District wide – Graduating Seniors on a part time schedule (helping with job transition) discovering the spot is now the conversation with district.

B. PTO Update – Auction Friday, 4/12/19 still growing. Looking forward to the completion of Mt. O. Senior Picnic waterslides, Menu: Dough Bird. AHS Parking discussion: Possibly assigning spots. Carpooling incentives. 320 spots + 4 to auction. Seniors 1st then Raffle Juniors. Sophomores depending on availability and current license. Discussion for parking spot hanger match parking spot #.

C. Student Council Update – N/A.

V. Requested Discussion Items

- A. Student Parking – Ways to encourage carpooling looking for PTO to assist with that and with the restructuring of parking = pending an outcome.
- B. Benchmark Testing – Philosophy behind assigning grade/not assigning grade. Depend on how the students do. If it's not worth any points then they don't try. Possibilities for growth: Test corrections? If you exceed possible bonus? Motivation. Motivation. Motivation. Formative Assessment. PLC needing to build common assessments. It's a district assessment too! Curriculum maps have been built. Again, MOTIVATION, MOTIVATION, MOTIVATION to try and succeed to the best of their ability. Try to find consistency.
- C. Politeness of staff (ex: interactions between security staff and students) We need to be nice to each other period. Looking to handle this from the top. Mr. Stevens appreciates the information.

Upcoming Dates to Know:

4/11 – 4/13	Spring Play
4/12	PTO Auction
4/15	ALC Meeting @ Tavan
