

# Less Inc.

Pioneering the re-use of laboratory plastics for 30+ years...

Saving hospitals significant healthcare dollars; Preventing unnecessary consumption of natural resources...And energy.

Our company Laboratory Environment Support Systems Inc. is located at 7755 East Evans Rd. in the Scottsdale Airpark and has been in business for 35 years specializing in recycling disposable plastic.

## **Part-time position:**

- The job would entail working in our production department transporting product from one location to another.
- It is not strenuous and could be done by either a young male or female.
- The pay would be in the range of \$12.50 per hour
- Must be able provide own transportation to our facility.
