

TEACHER CLASS WEBSITES FOR PARENTS

What are Teacher Class Websites?

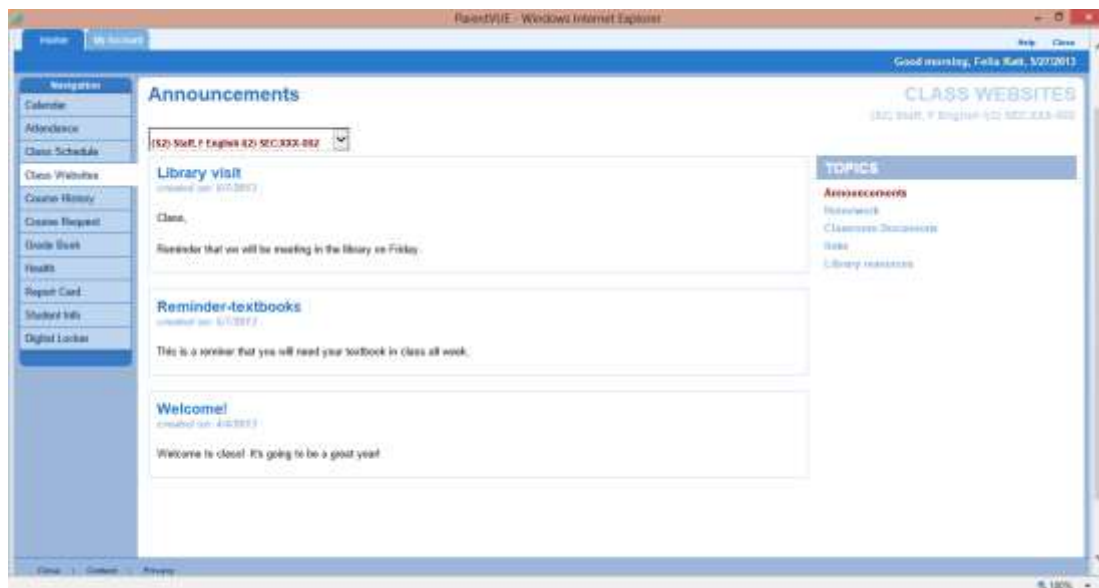

Parents and students can access assignments, grades, and other information for individual classes by accessing Teacher Class Websites from the navigation bar in ParentVUE or StudentVUE.

Viewing Information

After logging on to ParentVUE or StudentVUE, parents will see the home page of the ParentVUE portal and students will see the home page of the StudentVUE portal. From the navigation bar on the left, Parents and Students select a Teacher/Course from the Class Websites tab:

Each teacher will have a list of Topics on the right side of the Teacher Class Website. Within these topics, teachers can post announcements, documents, or other important class information.

If you need assistance with the ParentVUE or StudentVUE portal, please contact Application Support at 480-484-4357 (option 1), or via email: appsupport@susd.org.
