

**MMS ROBOTICS CLUB 2017-18
STUDENT APPLICATION**

VEX
ROBOTICS
COMPETITION

Name _____ Grade _____

Period 1 Teacher _____

Period 4/5 Teacher _____

Science Teacher _____

Math Teacher _____

We are very happy that you are considering joining the Robotics team this year! We will be meeting one day each week (usually Thursday's) *from 3:00pm – 4:30pm*. No experience with Robotics and/or programming is necessary, enthusiasm and a positive attitude is all that is necessary to be a part of the team! Beginning students will be grouped in teams and learn skills necessary to prepare for VEX IQ tournaments. Advanced students may act as mentors or apply to be part of our VEX EDR competition team. Please feel free to contact your MMS Robotics coaches: Mrs. Butler or Mr. Reinhart with any questions or concern.

Plan on attending our FIRST MEETING on Thursday, August 17 after School!!!!

****Participation requires a \$200 sports fee covering the 2017-18 school year***
(Checks payable to Mountainside Middle School
Fee is Tax Credit eligible, non-refundable, and due 8/23/17)**

Space is limited and filled on a first-come first-served basis. To reserve your place on the team, fill out/return this application to the **front office** with your sports fee and come to our next Thursday meeting! Payment and paperwork **MUST** be processed by August 23 to be eligible to apply for the VEX EDR competition team. If space is available, beginners may be welcome to join at any time, but the sooner the better!

Describe a personal achievement that you are proud of:

Use the space below to describe why you want to be a part of the Robotics team in 1 paragraph.

Review the Core Values of the MMS Robotics team below. Indicate that you understand and agree to meet these standards by signing on the line below.

We are a team:

You will be expected to work together with others and be supportive of one another at all times.

We do the work to find solutions with guidance from our Coaches and Mentors:

You should treat adults with courtesy at all times. Coaches and Mentors will not always GIVE you the answer, they are here to provide resources and guidance to help you FIND the answer.

We honor the spirit of friendly competition:

We compete by doing our best. Win or lose, we keep the feelings of others in mind and act politely. Negative attitudes, sabotage, and malicious behavior and/or actions will not be tolerated.

What we discover is more important than what we win:

We learn from our mistakes and continue to improve our successes.

We display Gracious Professionalism in everything we do:

We are active and want you to have a GREAT time! However, the robotics lab contains expensive equipment, small parts, and often irreplaceable components that are essential for us to use. Professionalism when working with and around tools, robots, and equipment is essential. We expect you to work with purpose and keep equipment organized.

We have FUN!

Yes, FUN is a top priority, but it is not THE top priority... Your safety and the safety of those around you are of most importance. Actions such as horseplay, throwing parts, or misuse of equipment will not be tolerated.

I have read, understand, and agree to meet the core values expectations outlined above.
