January 29, 2019

Dear Parents/Guardians:

Knowing you want day-to-day insight into your child's academic experience so you can help your student get the most out of school, we are launching an update to the ParentVUE application. The updated ParentVUE application gives you real-time information on the following:

- Assignments and Scores
- Attendance
- Class Websites
- Grade Book
- Graduation Status
- School Calendar
- Student Info – Emergency Contacts
- Unofficial Transcripts

ParentVUE offers a simplified dashboard so you can view, in a single sign on, information for each child, regardless of school. You can also elect to receive customized email and text alert notifications regarding timely issues, such as:

- Attendance – Receive notification when a student is absent
- School Announcements
- School Events
- Student Grade Notifications

You can also use ParentVUE to:

- Enter student absences from school
- Contact Teachers and Staff
- Re-affirm Residency

In the next few weeks parents who have never logged into ParentVUE before will receive an Account Activation Key via the email address on file with your child's school front office. Please do not share your Activation Key/password with your students.

Once you have successfully logged into ParentVUE, please check your contact information under the My Account tab in the top right hand corner. If you need to make changes, please contact the front office of your child's school. For a listing of schools and phone numbers, visit [susd.org/schools](http://susd.org/schools).

Sincerely,

Student Information Management & Accountability Reporting  
Scottsdale Unified School District
