

INGLESIDE

January 15, 2021

Dear Current 7th Grade Ingleside Families,

I cannot believe it is time for students to select their elective options for the 2021-2022 school year! In order to limit exposure with paper going back and forth, we are transitioning to an online Google Form for this process. Because this is new, we respectfully request patience as we work through any potential kinks.

This year, we created a Google Form that includes all potential elective offerings for each individual grade level. The link to the 8th grade Google Form is below. It is important to remind everyone that the elective offerings shown are *not* guaranteed; classes have to “make” with enough enrollment in order for us to offer them to students. Each student gets 2.0 credits of electives for the year. This can be a combination of semester and yearlong electives. On the form, following each elective choice, you will see whether it is a .5 credit (semester) or 1.0 credit (yearlong). We request that a parent complete this online Google Form with their child so that decisions are made together and agreed upon. The electronic form will collect email addresses and can only be submitted once.

The counselors will virtually visit the Social Studies classes of current 7th graders on Thursday, January 21 to explain the registration process and answer questions. In order for you to prepare in advance, a parent meeting is scheduled for January 25 from 6:00-7:00pm for us to answer any questions you may have regarding the registration process. The link for the meeting is: [Registration Q & A for Current 6th, 7th, and SOL Students](#)

I am attaching the elective request paper electives form to this email purely for informational purposes so you can begin to process and prepare for your child’s selections. This document can help with planning so that when your final decisions are made, the Google Form will be easier to complete.

8th Grade Elective Request Google Form: [8th Grade Elective Form](#)

Please complete this Google Form with elective choices no later than February 1, 2021.

I am so excited for what the 2021-2022 school year has to offer, and for you to continue to be part of the Trojan family! If you have any questions, please contact me.

In partnership,
Erin Kadera
