Hello, SUSD Parents,

In support of Scottsdale Unified's goal of being able to continue providing in-person instruction to those families who choose it and to mitigate any potential spread of COVID-19 in our schools, it is essential that you be our partners in maintaining safe campus environments for our students, teachers and staff.

Please keep your child home if he or she has any of the COVID-like symptoms listed below, even if your child only has one of them and you attribute it to a minor cold or allergies. Discuss with your school nurse **prior** to sending your child to school:

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

**Also, it is important that you notify the Nurse's office if your child is a close contact of a COVID-positive person or if someone in your household has tested positive for COVID-19.**

**EDL Parents:**

Please be sure that while your child participates in SUSD's EDL program that you continue to stay in touch with your home school to report absences from remote learning, illness and COVID-positive diagnosis. Please report any positive COVID diagnosis to your school nurse.

This information is essential to:

- Assist in tracking EDL attendance and excusing an absence due to illness
- Give insight into COVID-19 activity in our SUSD community
- Allow a student with a +COVID diagnosis to be exempt from quarantine for a 90-day period upon returning to learn in person.

We appreciate your working with us to help ensure everyone's good health.
