### What SUSD Students Are Saying about eLearning!

#### **F**orensic Science I

"Going into this class, I had no idea what to expect. I had never taken an online class before, and luckily I took forensics because I was interested in the topic. I was always a fan of the CSI and Bones TV shows, and they have definitely jumpstarted my interest in these fields. The format of the class helped me pace myself through the lessons, and I was able to plan my day working on the assignments accordingly." ~Chaparral Student

#### **C**ommunications (Intro. to)

"I think that after learning more about communications through this course I will become an overall better communicator and listener. Also, I learned crucial communication skills that will be beneficial for me in the future whether it includes a workplace setting or a relationship." ~Desert Mountain Student

#### **S**ports and Event Marketing

"Sports Marketing was a very informative and entertaining class. My dad is in the advertising industry, so it was cool to get a closer look into what he really does. It was more challenging than I thought it was going to be. Overall I really enjoyed the class and look forward to the next section!" ~Scottsdale Online Learning Student

#### **D**igital Photography

"I found that the format of this course was well-structured and easy to follow. I really enjoyed how each unit was composed of the same assignments, it made it much easier to know what to expect and how to complete the assignments to my best ability. The content was also much more interesting than I expected it to be initially. I liked how the quizzes were always questions directly from the information provided in each unit, there were no surprise questions or topics." ~Saguaro Student

#### **F**ashion Design

"Overall, I have loved this course! I learned a lot about fashion and design that I can apply to other aspects of my life. Most of the assignments were easy to comprehend and fun (yet educational) to complete. A few of the tasks such as the sewing machine project were a bit hard to figure out, however, it ended up being one of my favorite assignments. This was my favorite online class I have taken." ~Desert Mountain Student

#### **P**ersonal and Family Finance

"This was the first online course I have taken outside of school. I was behind for most of the course. Thankfully I made this class a priority and raised my grade up to an A. I feel as though I learned a lot of valuable information that I will be able to use in the future when I'm making difficult financial decisions." ~Coronado Student

#### **I**nterior Design

"I really enjoyed this course, I really liked the assignments and the lessons. There was a lot more that goes into interior design than I thought there would be. The assessments were not difficult and went with the lessons, they let you express yourself through the way you designed the rooms and the layouts." ~Arcadia Student

#### **S**ocial Media (Intro. to)

"I found this class interesting and informative. This was my first online class. I feel it was easy to navigate through the site and follow what was expected. I appreciated the quick grading after I finished an assignment. I feel it was interesting to learn about social media which is used daily in this generation. I learned about new platforms that I had never heard of before. I find it so cool that I will take what I learned from this class and use it in my daily life and professional career." ~Chaparral Student
