

CHAPARRAL

Dear Future Firebirds,

Chaparral would like to invite 8th grade parents and their students to attend our annual **Future Firebird Night on Wednesday, January 19, 2022, from 5:30-7:30 p.m. in the Main Gym and Cafeteria at Chaparral High School.** This is basically an open house, during which information about clubs, performing arts, athletics, elective programs, and life in general will be shared in the Chaparral gym and cafeteria. Come and experience Chaparral's Club Rush, where you will have the chance to interact with Chaparral students, club sponsors, and athletic coaches, as well as Fine and Performing Arts and CTE programs. Staff members and coaches will be available to answer questions about clubs, extracurricular organizations, and freshman athletic opportunities.

On **Thursday, January 20**, parents only are invited to attend **Chaparral's 8th Grade Parent Evening from 5:30-7:30 p.m., starting in the Chaparral auditorium.** Chaparral guidance counselors will present an overview of 9th grade course selections and the registration process- the same presentation your 8th grader will have already heard at their middle school. This will be your opportunity to gather information as it pertains to your child's goals for high school, graduation and beyond. Additionally, each department's teachers will be available to answer your individual questions.

We look forward to seeing you and your 8th grader at **Future Firebird Night on January 19th** and seeing you on **January 20th** for Chaparral's **8th Grade Parent Evening.**

Go Firebirds!

Sincerely,

Todd Dreifort
