**Learning Remains Online the Week of 9/8 – 9/11**  
***Special Board meeting Scheduled for 5 p.m. September 9***

Attention, SUSD Families:

A reminder that Enhanced Distance Learning will continue through the week of September 8 – 11. Also a reminder, September 7 is the Labor Day holiday and all SUSD schools and offices are closed.

On September 1, the SUSD Governing Board asked District administration to gather more data from families before finalizing the next steps in our Return to Learn plan. That survey, titled the EDL Parent Survey, was released today to parents of students in SUSD K-12 Enhanced Distance Learning. The survey needs to be completed by Monday, September 7 at noon. The Governing Board will be holding a special meeting on Wednesday, September 9 at 5 p.m. to review the survey data and take the next steps on a return to in-person learning. For a copy of the meeting agenda, visit [www.susd.org/Board](http://www.susd.org/Board). The meeting will be broadcast live and will also be available for replay on the [District's official YouTube channel](#).

A final note - today, September 3, it was announced that Maricopa County met the metrics for hybrid in-person instruction (Scottsdale Unified met those last week). This data, along with the parent survey results, will inform our next steps. Thank you for continuing to support our students.
