- **Board Meeting Authorizes In Person Learning to Begin in Phases**

Dear Scottsdale Unified Families,

The Governing Board met last night to review the results of the parent survey data and to discuss the next steps to start phasing in on campus learning in our District. You can view the presentation with the survey results [here](#) and you can view a replay of the video of the discussion and vote [here](#). The Board voted to authorize the Superintendent to continue providing the EDL model for those families who choose it through the end of the current semester -December 18, 2020- and to implement a phased-in “full return in person” model, for those families who choose it, resulting in a natural hybrid consistent with the ADHS metrics while the district is in “yellow.” Students will return to campus in grade-level cohorts according to this schedule, provided health metrics permit:

- September 14—Special Education Special Programs and Pre-School
- September 21—K-2
- September 29—3-5
- October 5—FALL BREAK
- October 12—Middle School and High School

You will receive more communication from your school Principal shortly asking you to commit to a specific learning mode so we can continue with our efforts to staff and supply each school to ensure a safe, healthy and productive learning environment. For more information, log on to our website any time at www.susd.org.

Thank you for being our partners in ensuring that our metrics are moving us forward toward this reopening plan.
