Dear Parents and Families,

We want to remind everyone to please continue to call their student out sick if they exhibit ANY of the following symptoms: fever, chills body/muscle aches, GI complaints, nausea, vomiting, diarrhea, cough, headache, breathing difficulties, new loss of taste or smell, sore throat, runny nose or congestion.

When calling your student out, please list the symptoms they are having, and when they started. **Students must be cleared to return to school by the school nurse after an absence for any of the listed symptoms. If they return to school without being cleared by the nurse, they will be sent home per Maricopa County department of health guidance.** If anyone in the home tests positive for COVID-19, students MUST stay home until they are cleared to return by the school nurse. Nurse Sarah can be reached at 480-484-5811 or by emailing sbecker@susd.org.

In addition, if anyone at home is exhibiting any of the listed symptoms, it is strongly recommended you keep your students home for 24 hours to observe for symptoms. Please contact the school nurse, Sarah Becker with any questions regarding COVID-19 protocols.

Our primary goal is to protect every student and every teacher, and to continue safe in person learning for the entire school year.

Thank You,
Dr. Priniski
