Sophia Aguilar, Grade 7

Hi Tigers!

Recent updates

We have spring break MARCH 14 -MARCH 18!

Coming up: Make sure we get our grades up so we can come back to a good start of the final quarter. Great job to all of the 3rd quarter sports: boys football, girls basketball and cross country. All of you were amazing and did a good job . Also, good job to spirtline. The 4th quarter sports will be track and field. If you would like to join you can sign up on Register My Athlete.

Additional information will also be on Register My Athlete . We have a lot of free time during break so if we can, make sure we read some books to get some stamina during break. But most importantly let's all have a good break and Happy St. Patrick's Day.

NBA & WNBA

Fun facts

The NBA leads the basketball world. NBA stands for National Basketball Association for men. The NBA is very popular in fact it is so popular that it gets 57.5 million viewers in the United States! That's a lot of people that watch basketball every day.

WNBA stands for Women's National Basketball Association. For women obviously. It is different from the NBA because it is women not men.

Here are some facts about the NBA. One fact about the NBA is that it was played with a soccer ball. Another one was that you could not dribble because it was not allowed. Also, the referees used to watch. The last one is that James Naismith invented it. Those are some facts about the NBA.

Margo Dydek is the tallest WNBA player. She is currently 7 foot 2! She is also 223 lbs. Her WNBA draft was 1998/ Round: 1/Pick: 1st overall. Gheorge Muresan was the tallest NBA player. He was 7 foot 7.

My team in Arizona is the Phoenix Suns. What is yours? A fun fact about my team is they were established in 1968, and Jerry Colangelo found the Suns. My favorite players are Devin Booker and Stephen Curry. They are my favorite players because they inspire me a lot because they are both really good at basketball.

Harry Potter

Facts about the books and movies!

Facts that you probably never knew about Harry Potter!

Throughout the whole of the Harry Potter series Daniel Radcliffe/Harry Potter went through 160 pairs of glasses!

When holding auditions for the role of Hermione, the casting team traveled around to local British elementary schools to hold auditions in hope to find their actress. When they arrived at Emma Watson/Hermione's school, she had no desire to audition but every single girl in her school wanted to audition. And she got the part!

Even though Harry being is a "great wizard", Harry doesn't cast a single spell during the first movie!

Early in Harry Potter and the Prisoner of Azkaban, Harry sees a newspaper article with a photograph of the Weasley family in Egypt. Though it is never again mentioned in the movie, this is a very important point in the book.

While on an inspection of Azkaban, the Minister of Magic had a copy of that paper, gave it to Sirius Black, who recognized that Peter Pettigrew was disguised as Scabbers. This is why he decided to break out of Azkaban, track down Scabbers at Hogwarts, and take his revenge by killing him.

Fred and George Weasley were born on the first of April, 1978, making it April Fool's Day. This explains their prankster personality!

In Harry Potter in the Prisoner of Azkaban, Hermione can be seen tucking away her Time-Turner earlier on then when she used it, throughout the movie in fact, pretty much anytime, someone comments on how she got there or when she isn't wearing her jumper/sweater or robe, the Time-Turner is visible around her neck.

He had at least 4 awards for having a lot of subscribers. He also plays pc games, my favorite game he played was fnaf security breach. He is really funny and cool. People look up to him. I mean if i was like a real gamer i would too but all i play if fnaf security breach. I really enjoy watching him go check him out on youtube bye tigers hope you enjoyed my article.

Isabel Thomas, Grade 6

Coryxkenshin

Youtuber

Hello students, I will be talking about Coryxkenshin today. Well let's start off from when he was born on November 9th 1992. He started YouTube on April 26 2009 and he is one of the biggest gaming YouTubers. If you seen he was on Mr. Beast's channel a while ago and it got many views on it. I watch him a lot and you should too. He is a very successful gamer, he is a funny and an interesting YouTuber. Currently he has 2.1 million followers on Instagram and has 12.6 million subscribers on YouTube. He gets gifts from YouTube a lot because he is very famous.

Makayla Lawrence, Grade 7

Pride/LGBTQ+ Club

Join today!

This club is going to be about the LGBTQ+ community. You may not feel comfortable coming out to friends, family, or anyone but here at the club you are welcome. We are here to accept you and talk all about it. Even if you aren't part of the community you can come and help support, like if your friends are coming you can feel free to come too.

Where: Ms. Thiele's class by the buses in room M203

When: 7th graders Lunch-Field

Who is welcomed: 6-8th graders

Who made this club? Makayla Lawrence, 7th grader

Hello fellow students of Tonalea! You may see some posters around and people looking at them. You can feel free to take the paper off the wall and keep it for yourself to save.

ALL ARE WELCOME!!!

Gypsie Savage, Grade 7

Anime

My favorites

Hey I'm here to talk about anime. Anime is so amazing but if you don't watch it it's ok. My favorite anime is all of them so I kind of don't have one. I love anime so much I will talk about it all the time. Like Naruto, My Hero Academia, Demon Slayer, and many many more. I'm watching Free right now and it's really cool.

If you watch anime that's amazing. A lot of people watch anime. These days anime has been popular for so long. I think I love anime more than any original movie. Well I have no more things to talk about so talk later byeee.

Adrian Ngeera, Grade 7

New Principal!

For next year

So. If you have not heard, we are getting a new principle. Sadly, Dr. Priniski will be leaving us to go to the elementary school and in replacement we will get Mrs. Jagodzinski!

She came over to visit the school on Wednesday, March 8th. She sounds very nice, looks very kind, so hopefully our new principal will suit all our needs and help us through the new Tonalea in 2022-2023!

Mr. Mobley has fun with yarn!

Alkeeah Blackman, Grade 6

Billie Eilish

Pop singer

Billie Eilish Pirate Baird O'Connell was born on December 18th 2001 in Highland Park Los Angeles. She grew up being homeschooled and went to a choir called Los Angeles Children's Choir when she was 8 years old. She'd been dancing for several years including ballet, tap, jazz, hip-hop, contemporary as well. When she turned 11, she started singing and making her own songs with her big brother Finneas. When she turned 12 she joined a competitive dancing center called The Revolution Dance Center. Billie's dance teacher asked Billie and Finneas to write a song for choreography.

A little after that when Billie was 13 she got severely injured when she was dancing. She tore her growth plate in her hip where her bone separated from her muscle. She hasn't danced since the injury.

Soon after Billie uploaded "Ocean Eyes" (the song) to Soundcloud and it ended up getting viral in 2015. In 2016 she made a music video for the song and posted it on YouTube. As time went on she started making more music and gaining more attention each year.

In 2019 she released her album "When We All Fall Asleep Where Do We Go" and it debuted at number 1 on the charts in April. A year after that (2020) Billie Eilish made history as the youngest person to win all 4 big categories at the Grammys in January. Ever since then Eilish has been making music and winning all types of awards. Her recent album, which was released on July 30th 2021, was Number 1 on the Billboard Artist 100 chart for 11 weeks!

Interested in Newspaper??

Come see Miss Chang in M204 or email her at angelachang@susd.org. We meet during Blue Group cafeteria and field time every Tuesday. Hope to see you there!
